Accordingly, the American flag was still kept flying over the fort until the 1st December, 1813, when it was captured by his Majesty's sloop-of-war Rackoon, and the British flag was then substituted.

THE above is the original and only genuine preparation from this valuable tree, and has won its way to public favor by its unparalleled success in curing all diseases of the lurgs, not with standing the many articles prepared by persons who have no knowledge of the science of medicine, in theory or practice; and some, more readily to decrive the unsuspecting, use a part of the name of the original preparation, such as "balssm of wild cherry," "Phoenix balssm of wild cherry," "Phoenix balssm of wild cherry," "Phoenix balssm of wild cherry, and camfrey," &c.—all sprung up with a mercenary view, after Dr. Swayne's compound sirup of wild cherry had won a reputation in the healing art never to be forgotten by many a once cheerless fireside. Therefore the public should be on their guard, and purchase none but the original preparation, which is daily performing such astonishing cures in pulmonary complaints, after all remedies had failed, and the patients given up as hopeless. Thousands of certificates might be published, which would astonish credulity itself; but it is deemed unnecessary. Robert Glenn, steward of the almshouse near Frankford, testifies to the efficacy of Dr. Swayne's compound sirup of wild cherry, in curing Valentine Chapman, one of the most aggravated cases of diseased lungs which has ever been placed upon record, after every other remedy had failed, and his physician had given him up as incurable.

R. Jackson, D. By the President:

Commissioner of the General Land Office. DR. DYOTT'S ANTI-BILIOUS PILLS.

DR. DYOTP'S ANTI-BILIOUS PILLS.

A S a family medicine, a mild and gentle purgative, and purifier of the blood. The general use of these celebrated pills throughout the United States for these forty years past, and the strong recommendations they have acquired from all classes of our fellow-citizens, places them in a much more elevated situation in public estimation, than any other remedy which has heretofore been introduced. The following are among the many diseases for which Dr. Dyott's celebrated pills are so deservedly distinguished for curing. By their counteracting preparaties in removing the bile from the stomach,

distinguished for curing. By their counteracting properties in removing the bile from the stomach, they prevent and cure the bilious fever; chills, or ague and fever; spring and fall fevers; yellow fever; bilious cholic; pleurisy; dysentery; worms; bilious womiting; sick and foul stomach.

By cleansing the bowels and stomach from all impurities, they restore the loss of appetite, remove flatulency, cure the headache, habitual costiveness, colds, coughs, asthma, epileptic fits, hypochondria, hysterical complaints, stranguary, gravel, &c.

By a general and copious use, they will be found very beneficial in curing the rheumatism and gout, lumbago or pains in the back.

All impurities in the blood yield to their happy effects, whether proceeding from constitutional ailment, or from indiscreet intemperance.

These celebrated pills have been used to very great advantage in curing the dyspepsia, or indiges-

effects, whether proceeding from constitutional ailment, or from indiscreet intemperance.

These celebrated pills have been used to very great advantage in curing the dyspepsia, or indigestion, bronchitts, liver complaint, &c.

They are an infallible medicine for female complaints generally, and especially for removing those obstructions which are the source of their ailments at certain periods; they possess the eminent advantage over most other purgatives, that, while they operate gently, they produce neither costiveness, debility, or too great excitement.

Whenever there is a predisposition to receive diseases from marsh effluvia, or from a too copious use of ardent spirits, or from a viinted state of the bile, these pills will assuredly counteract it.

They are highly recommended to travellers by sea or land, and may be made use of with safety without change of diet, and in situations where no exercise can be used. They will be found particularly valuable for preventing diseases incidental to hot climates; they deterge and cleanse viscid humors, open obstructions, and promote the secretion of good bile, operate as an easy cathertic, as a powerful diuretic, and as a diaphoretic.

Dr. Dyott, under the strong conviction of the power of his pills to relieve the afflicted, recommends the use of them to those who are in health as well as theafflicted, at leace once a fortnight, during the spring and summer months, in which he feels assured those who attend to his advice will find the benefit they seek.

Take notice—each box is sealed with red wax, stamped with the proprietor's coat of arms, signed

CIRCULAR.

Dr. Beckwith's letter.

CAUTION to those who purchase or take BECK-WITH'S anti-dyspeptic pills.

I have satisfactory evidence that Beckwith's pils have been extensively counterfeited in various parts of the country, and particularly at New York, and sold at prices much below what the genuine article can be afforded at.

Since the agency of Mr. Henry D. Turner, John street, New York, ceased, on the 14th February, 1844, I have appointed no agents, and now have none in any section, except Dr. T. W. Dyott & sons, of the Columbian College, Philadelphia. Those, therefore, who wish to purchase or take the gauine pills, must obtain them either of myself, or of those gentlemen, or of persons known to purchase them of one or the other. Dr. Dyott & sons them of one or the other. Dr. Dyott & sons and the myself.

JOHN BECKWITH,

Petersburg, June 1, 1845.

It will be seen by Dr. John Beckwith's letter dated June 1st, 1845, that he has discontinued all agencies on commission for the sale of his (Beckwith's) anti-dyspeptic pills, and has established on principal office, which is at the Columbian College. No. 132 North Second street, Philodelphia, when the public are recommended to apply for the genuine pills.

Protection against counterfeits.

Dr. Beckwith, proprietor of "Beckwith's antidyspeptic pills," having suffered great loss, as well as those who have been in the practice of usage is pills being disappointed and their health injured. It will be seen by Dr. Beckwith's letter of June 1, 1845, that he has adopted the only safe plan for himself and the public against these miscreants, by having placed the sale of his medicine in the hands of one special agent, where every one who wishes be supplied with the genuine article must apply.

Dr. T. W. Dyott & Sons, of the Columbia College, No. 132 North Second street, Philadelphis, are the only persons appointed to supply the shown pills in quantity, as no counterfeit article is permitted in their establishment. Dealers and the public will be safe in supplying themselves as above.

wright's Indian regetable pills counterfelled.

The proprietor of Wright's Indian vegetable pills has discovered that his pills are counterfelled and extensively circulated through the country by persons unauthorized by him.

Dealers in the above pills are therefore respetifully informed that Dr. T. W. Dyott & Sont, of the Columbian College, No. 132 North Second street, Philadelphia, are the only persons authorise by me to sell my pills, in quantity, at the man prices as myself.

Any other persons travelling through the contry offering my pills in quantity, and at reduced prices, are assuredly bane counterfeiters, and oughts be rejected as such by every "honest dealer," and is to be hoped will be, if it is only for the health and the lives of the public.
